# Executive Summary

The American Lung Association's State of Tobacco Control (SOTC) 2026 report tracks progress on key tobacco control policies at the state and federal levels as of January 2026. The California version of that report, the State of Tobacco Control 2026 – California Local Grades, is completed in coordination with the national report and similarly assigns grades at the local level to California communities.

California continued to be a leader in combating the tobacco industry and protecting its youth from accessing tobacco in 2025. Annually, hundreds of millions of dollars are invested to improve Californians' health by funding robust tobacco control and prevention programs, including education on the benefits of local policy efforts in communities. To highlight these efforts, in coordination with the national report, the American Lung Association in California releases its State of Tobacco Control 2026 – California Local Grades report to track how well California municipalities protect their citizens from the burden of tobacco.

The State of Tobacco Control 2026 – California Local Grades report is based on a review of county and municipal codes in four key areas for all 58 counties (which covers the unincorporated areas of each county) and 482 incorporated cities and towns in the state.
The California report assigns grades to every county and city in five key areas: smokefree outdoor air, smokefree housing, reducing tobacco sales, flavored tobacco restrictions, and an overall tobacco control grade, which is calculated based on the grades the city or county receives in specific areas. Each of these critical areas of tobacco control reflects the life-saving measures that local jurisdictions are passing.

In 2025, California continued to lead the fight to prevent youth from accessing tobacco products and protect public health. Assembly Bill 957, introduced by Assemblymember Ortega, would have prohibited all pharmacies from selling tobacco products. Although the bill did not pass out of committee last year. The bill will be reconsidered during the 2026 legislative session.

However, Assembly Bill 573, introduced by Assemblymember Rodgers, was signed into law. Assemblymember Bill 573 strengthens enforcement efforts by increasing the annual tobacco retailer license from $265 to $400.

The state Department of Public Health usually receives a small portion of its funding from CDC's Office of Smoking and Health; however, that funding was delayed by over five months this year due to CDC's Office on Smoking and Health being effectively dismantled. The Office on Smoking and Health not only provided funding, but valuable technical assistance and expertise to state tobacco control programs. It is imperative that federal funding for the Office on Smoking and Health be fully restored.

Tobacco continues to be the leading cause of preventable death in the state. Each year, approximately 40,000 adults die in California from smoking, and over one-quarter of all cancer-related deaths in the state are attributed to smoking. The tobacco industry continues to find new methods to market and sell its products to a new generation of smokers. For example, the tobacco industry continues to mislead and misinform elected officials and the public that vapes are a safer alternative to combustible

cigarettes.  Despite knowing there is no safe level of nicotine exposure, tobacco companies hosted events where they espoused misinformation around harm reduction.

However, jurisdictions in California continued to move forward by adopting local tobacco control laws. Throughout the state, cities implemented strong comprehensive policies to protect youth and residents from the harms of tobacco.

Localities throughout the state continued to adopt comprehensive flavored tobacco laws by incorporating restrictions on flavored tobacco products into their tobacco retail license provisions. These policies go beyond the state flavored tobacco product law to safeguard Californians and youth from access to all flavored tobacco products. The City of Pittsburg made significant changes to its policies by adopting a comprehensive tobacco retail license, smoke-free outdoor air policies, and protections for multi-unit housing.

In addition, through strong local and community action, Unincorporated Del Norte increased its overall tobacco control grade to an “A” by adopting comprehensive tobacco policies. In the Bay Area, the towns of Tiburon and Ross prohibit the sale of all tobacco products with no exemptions. On California's central coast, Santa Cruz and Capitola are leading the way as the first communities to prohibit the sale of filtered cigarettes. Anaheim and National City increased their tobacco retail licensing grade from an “F” to an “A” last year. These efforts highlight the important role of local action in driving meaningful public health initiatives that close policy gaps in state laws and continue to make California a national leader in tobacco prevention and control policies.

The State of Tobacco Control 2026 – California Local Grades report aims to increase public knowledge about local laws in California that protect residents from the deadly toll of tobacco and encourage local leadership to take action where improvement is needed. Grades are not intended to reflect the efforts of local tobacco control coalitions, the broader public health community, or organizations working to advance local tobacco control policies. Instead, responsibility for enacting these life- and revenue-saving policies falls to elected officials in each community. Leadership on key issues and solutions to these complex problems can come from every level of government. Local elected officials can and should continue to take steps to protect residents from commercial tobacco and secondhand smoke.

# Appendix A: Local Grading Methodology

The American Lung Association in California established local tobacco control grades in four categories that reflect where local action is needed and where the greatest public health benefit can be derived. The bar is set high because tobacco remains the number one preventable cause of death in California and because experience shows that local action has been the cornerstone of the tobacco control movement and public health improvement.

The four tobacco control policy grades that are assigned to each city and county are:

1. Smokefree Outdoor Air
2. Smokefree Housing
3. Reducing Sales of Tobacco Products
4. Restrictions on Flavored Tobacco Products

These four grades plus Emerging Issues Bonus Points are then used to calculate an Overall Tobacco Control grade for each municipality. An "n/a" or "not applicable" score is given to municipalities in which it is not possible to adopt a specific type of policy due to a complete lack of the entity that is being graded. For example, if a city or county doesn't have any stores that sell tobacco products, then the city is awarded an n/a as opposed to 0 points in the Reducing

Sales of Tobacco Products category, and the grading scales are adjusted accordingly.

Below is a description of each of the grading categories, a summary of the relevant state laws and an explanation of the grade criteria.

## Overall Tobacco Control Grade

**Description** –The Overall Tobacco Control grade is a letter grade awarded to the municipality based on its grades in the four categories, plus Emerging Issues Bonus Points.

**Grade Criteria** – To determine the Overall Tobacco Control grade, the city or county is given a point value for each of its grades in the four categories (**Smokefree Outdoor Air, Smokefree Housing, Reducing Sales of Tobacco Products, Restrictions on Flavored Tobacco Products**) as follows: A=4; B=3; C=2; D=1; and F=0. These four point values are then added together, along with the Emerging Issues Bonus Points section (4 or more bonus points = 1 additional point), for a total point value for the Overall Tobacco Control grade. The total points are turned into grades based on a scale of: A (11-14); B (8-10); C (5-7); D (2-4); and F (0-1).

Grade Scale
Below is a quick reference for the point scale for the four letter grades received by each city and county.

Overall Tobacco Control Grade
**A:** 11-14 pts
**B:** 8-10 pts
**C:** 5-7 pts
**D:** 2-4 pts
**F:** 0-1 pts

Smokefree Outdoor Air Grade
**A**: 18+ pts
**B**: 13-17 pts
**C**: 8-12 pts
**D**: 3-7 pts
**F**: 0-2 pts

Smokefree Housing Grade
**A**: 10+ pts
**B**: 7-9 pts
**C**: 4-6 pts
**D**: 1-3 pts
**F**: 0 pts

Reducing Sales of Tobacco Products Grade
**A**: 4 pts
**B**: 3 pts
**C**: 2 pts
**D**: 1 pts
**F**: 0 pts

Restrictions on Flavored Tobacco Products Grade
**Yes**: 1+pt
**No**: N/A

Emerging Issues Bonus Points
4+ pts adds one point to the Overall Grade

## Smokefree Outdoor Air

**Description** – Secondhand smoke exposure is proven to be harmful at any level. This recognition that secondhand smoke is extremely toxic has bolstered efforts by local elected officials across the state to protect the health of their residents by adopting local ordinances that restrict smoking in a variety of outdoor areas ranging from parks to sidewalks.

**State Law** – California used to have some of the strongest laws in the nation to protect people from harmful secondhand smoke exposure. However, these state laws mostly focus on workplaces and other indoor areas and only a few laws restricting smoking in outdoor areas, such as those detailed below. Cities and counties have the explicit authority to go beyond state law and enact secondhand smoke restrictions in outdoor areas.

**Grade Criteria** – The Smokefree Outdoor Air grade is based on the smoking restrictions adopted by local communities in seven outdoor areas – (1) **Dining Areas**; (2) **Entryways**; (3) **Public Events**; (4) **Recreation Areas**; (5) **Service Areas**; (6) **Sidewalks in Commercial Areas**; and (7) **Worksites**. In the five outdoor areas, the city or county is given a point value between 0 and 4 based on the strength of their local ordinance. In two of the outdoor areas (Sidewalks in Commercial Areas and Worksites), the city or county is given a point value of 0 or 1 based on their local ordinance. These point values for the seven areas are then added together to calculate the overall Smokefree Outdoor Air grade using a scale of: A (18+); B (13-17); C (8-12); D (3-7); and F (0-2).

### Dining Areas

**Description** – Restrictions on smoking in outdoor seating areas at restaurants and bars.

**State Law** – Smoking is prohibited in indoor dining areas but there are no state law restrictions on smoking in outdoor dining areas.

**Criteria**

**4** – All outdoor dining areas at bars and restaurants are 100% smokefree

**2** – Smoking restricted in outdoor dining areas but designated smoking areas allowed or exceptions made for certain types of bars and/or restaurants

**0** – No smoking restrictions in outdoor dining areas

### Entryways

**Description** – Restrictions on smoking in places within a certain distance of doors, windows, and other openings into all enclosed areas where smoking is prohibited.

**State Law** – Smoking is prohibited within 20 feet of entrances, exits, or operable windows of a public building, which includes state, county and city buildings.

**Criteria**

**4** – Smoking prohibited within 20 or more feet of entryways

**3** – Smoking prohibited within 15-19 feet of entryways

**2** – Smoking prohibited within some distance less than 15 feet of entryways or within an unspecified distance of entryways

**0** – No smoking restrictions for entryways

## Public Events

**Description** – Smoking restrictions at events open to the public such as fairs, farmer's markets, parades, concerts and other similar events that take place on public property.

**State Law** – There are no statewide restrictions on smoking in outdoor public events.

**Criteria**

**4** – All public events are 100% smokefree

**3** – Smoking restricted at all public events, but designated smoking areas are permitted

**2** – Smoking restricted at specific types of public events (such as in all farmer's markets), but not all public events

**0** – No restrictions on smoking at public events

## Recreation Areas

**Description** – Smoking restrictions at parks, beaches, trails and other similar recreation areas.

**State Law** – Smoking is prohibited within 25 feet of tot lots and playgrounds.

**Criteria**

**4** – All recreation areas are 100% smokefree

**3** – Smoking restricted in all recreation areas, but designated smoking areas are permitted

**2** – Smoking prohibited in some parks, beaches and trails but not all recreation areas

**0** – No smoking restrictions in recreation areas

## Service Areas

Description – Smoking restrictions in outdoor locations where people stand or wait for services including ATM lines, public transit stops, taxi stands and ticket lines.

State Law – There are no statewide restrictions on smoking in service areas.

**Criteria**

**4** – Smoking restricted at all service areas

**2** – Smoking restricted at some types of service areas (such as at bus stops) but not all service areas

**0** – No restrictions on smoking in service areas

## Smokefree Outdoor Air - Sidewalks in Commercial Areas

**Description** – Smoking restrictions on sidewalks and other pedestrian walkways in commercial areas, such as downtown areas and outdoor shopping centers.

**State Law** – There are no statewide restrictions on smoking on sidewalks in commercial areas.

**Criteria**

**1** – Smoking restricted on sidewalks or other pedestrian walkways within all commercial areas or within a specified commercial or downtown area

## Smokefree Outdoor Air - Worksites

**Description** – Smoking restrictions in outdoor places of employment, such as construction sites.

**State Law** – There are no statewide restrictions on smoking in outdoor worksites.

**Criteria**

**1** – Smoking restricted for some or all outdoor worksites

## Smokefree Housing

**Description** – While California has been a leader on protections from secondhand smoke, one area where people continue to be unprotected is in multi-unit housing. Secondhand smoke exposure in multi-unit housing is a serious health threat because secondhand smoke drifts into housing units from other units, balconies, patios and common areas.

**State Law** – The only statewide smoking restriction in multi-unit housing is a workplace restriction prohibiting smoking in indoor common areas (described below) and is not intended to protect the health of tenants. State law authorizes landlords to prohibit smoking in the units they manage. While it was legal for landlords to prohibit smoking in the apartments they own and manage prior to this law, that authority is specifically articulated in state law. Cities and counties are allowed to go beyond state law in enacting secondhand smoke restrictions for multi-unit housing and the state law does not preempt these local ordinances.

**Grade Criteria** – Cities and counties have taken a variety of approaches in passing local ordinances to try to address the problem of secondhand smoke in multi-unit housing. The overall Smokefree Housing grade is based on the grades for three types of smokefree housing policies – **(1) Nonsmoking Units in Apartments; (2) Nonsmoking Units in Condominiums; (3) Nonsmoking Common Areas.** For three of the policy areas, the city or county is given a point value between 0 and 4 based on the strength of their local ordinance the point values for the three areas are then added together to calculate the overall Smokefree Housing Grade. The point values are added and given a grade using a scale of: A (10+); B (7-9); C (4-6); D (1-3); and F (0).

### Nonsmoking Units in Apartments

**Description** – Prohibiting smoking within the units of multi-unit apartment buildings.

**State Law** – There are no statewide restrictions on smoking in units of multi-unit housing.

**Criteria**

**4** – Prohibits smoking in 100% of units for both new and existing apartments

**2** – Prohibits smoking in 75% or more of new and existing apartments units

**1** – Prohibits smoking in 75% or more of new apartment units

**0** – No requirements for declaring multi-unit housing units nonsmoking

### Nonsmoking Units in Condominiums

**Description** – Prohibiting smoking within the units of multi-unit condominium buildings.

**State Law** – There are no statewide restrictions on smoking in units of multi-unit housing.

**Criteria**

**4** – Prohibits smoking in 100% of units for both new and existing condos

**2** – Prohibits smoking in 75% of new and existing condos units

**1** – Prohibits smoking in 75% or more of new condos units

**0** – No requirements for declaring multi-unit housing units nonsmoking

### Nonsmoking Common Areas

**Description** – Smoking restrictions in both indoor common areas, which include hallways, stairwells, laundry rooms and recreation rooms, and outdoor common areas, which include swimming pools, play areas, outdoor eating areas and courtyards of multi-unit housing.

**State Law** – Smoking is prohibited in indoor common areas of apartments and condominiums if the areas are places of employment. These areas are places of employment if there is an employee who works on the property, such as an on-site property manager, security guard or maintenance worker.

**Criteria**

**4** – Smoking restricted in all indoor and outdoor common areas, including ordinances that allow for designated smoking areas in outdoor common areas

**2** – Smoking restricted in all indoor common areas, but not outdoor common areas

**0** – No restrictions on smoking in common areas

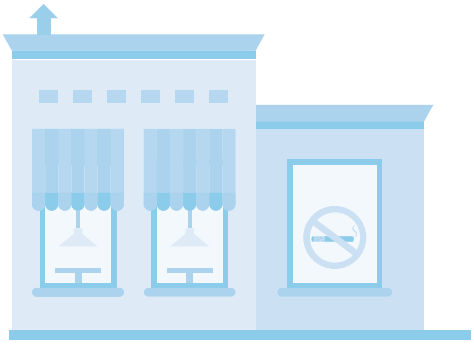

## Reducing Sales of Tobacco Products

**Description** – An important aspect of reducing the smoking prevalence rates in California is to reduce the availability and sales of tobacco products. This most efficient way to do this is through the tobacco retail environment.

**State Law** – California has several statewide laws related to access to and sales of tobacco products that are described in the policy areas below. The state allows municipalities to go beyond state law in enacting restrictions in these policy areas.

**Grade Criteria** – The Reducing Sales of Tobacco Products grade is determined by the ordinances adopted by cities/counties in one area, **Local Tobacco Retailer Licensing Ordinance**. For this policy area, the city or county is given a point value between 0 and 4 based on the strength of their ordinance. The point value regarding the Tobacco Retailer Licensing Ordinance is then used to calculate the overall Reducing Sales of Tobacco Products grade using a scale of: A (4); B (3); C (2); D (1); and F (0).

## Local Tobacco Retailer Licensing Ordinance

**Description** – Despite federal and state law, youth under the age of 21 are sometimes able to purchase tobacco products at all types of retailers, ranging from convenience stores and gas stations to large chain grocery stores and pharmacies, even though it is illegal to sell tobacco products to minors. To combat this problem many cities and counties in California are passing ordinances that require tobacco retailers to obtain a license to sell tobacco products, which allows municipalities to keep track of tobacco retailers, conduct enforcement activities to ensure compliance with state and local laws and penalize retailers who sell to minors.

**State Law** – It is illegal in the state to sell or give tobacco products to anyone under the age of 21. There are laws in California to punish the business owner or the clerk when an illegal sale is made. Tobacco retailers are also required to obtain a state tobacco retailer license with an annual fee of $265, which has generally been used to combat black market sales and tax evasion.

**Criteria** – In order for a local licensing ordinance to effectively reduce illegal sales to minors, it must contain four provisions: (1) requiring tobacco retailers to pay an annual fee that sufficiently covers administration and enforcement efforts, including compliance checks; (2) requirement that all retailers obtain a license to sell tobacco and renew it annually; (3) provision that any violation of a local, state or federal tobacco law is considered a violation of the license; and (4) financial deterrent through fines and penalties for violations that includes suspension and revocation of the license. Of these four provisions, it is essential that the licensing ordinance requires a sufficient fee that will cover the administration and enforcement of the license to ensure that these activities occur. A city/county can get credit for meeting the annual fee requirement if it uses other sustainable funding sources (such as funds from the Master Settlement Agreement) that are dedicated for administration and enforcement of the retailer license.

The grade for Local Tobacco Retailer Licensing Ordinance section is based on the provisions of the ordinance that a city or county has adopted with the following scale:

**4** – Licensing ordinance with sufficient annual fee and the other 3 provisions outlined above
**3** – Licensing ordinance with sufficient annual fee and 2 of the other 3 provisions outlined above
**2** – Licensing ordinance with sufficient annual fee and 1 of the other 3 provisions outlined above
**1** – Licensing ordinance with sufficient annual fee and 0 of the other 3 provisions outlined above or licensing ordinance with insufficient annual fee and any of the other 3 provisions outlined above
**0** – No licensing ordinance or a licensing ordinance with none of the provisions outlined above

## Restrictions on Flavored Tobacco Products

**Description -** Another tool used by tobacco companies to target youth and gain new customers is to produce tobacco products in a myriad of flavors. Restricting the flavors of tobacco helps to reduce the appeal to youth.

**State Law** - The sale of flavored tobacco products, including menthol, is prohibited in California. There are exemptions for certain flavored tobacco products such as hookah, loose-leaf tobacco, and premium cigars.

**Grade criteria** -
**1** - point added to overall grade if jurisdiction has a strong flavored tobacco control policy that includes hookah, loose-leaf tobacco, and premium cigars.

## Emerging Issue Bonus Points Methodology

**Description** –To combat ways the tobacco industry promotes the use of tobacco, cities and counties are adopting policies in new and challenging areas to reduce the prevalence of smoking in California.

**Grade Criteria** – The Emerging Issues section includes 6 possible bonus points and factors them into the Overall Tobacco Control Grade. Bonus points are available in the following issue areas (1) **Emerging Products Definition in Secondhand Smoke;** (2) **Emerging Products Definition in Tobacco Retailer Licensing Ordinances** (3) **Emerging Products Definition in Cannabis** (4) **Tobacco Retailer Location Restrictions;** (5) **Sales of Tobacco Products in Pharmacies and** (6) **Minimum Price of Cigarettes** (7) **Minimum Packaging of Cigars.** Receiving a total of 4 or more of these bonus points adds one point to the Overall Tobacco Control points.

### Emerging Products Definition *Secondhand Smoke*

**Description** – The tobacco industry is constantly creating and marketing new tobacco products. These products are often targeted to kids and can continue to attract new users to tobacco products. One such product is electronic cigarettes.

**State Law** – State law restricts electronic cigarettes in the same places where it restricts traditional cigarettes.

**Criteria**

**1 bonus point** – There is a strong definition of smoke, smoking or tobacco product that would include electronic cigarettes or other new and emerging tobacco products in a jurisdiction's secondhand smoke laws, and the jurisdiction's secondhand smoke laws extend further than the state laws.

### Emerging Products Definition *Tobacco Retailer License*

**Description** – The tobacco industry is constantly creating and marketing new tobacco products. These products are often targeted to kids and can continue to attract new users to tobacco products. One such product is electronic cigarettes.

**State Law** – It is illegal to sell electronic cigarettes to anyone under the age of 21.

**Criteria**

**1 bonus point** – There is a strong definition of smoke, smoking or tobacco product that would include electronic cigarettes or other new and emerging tobacco products in a jurisdiction's tobacco retailer licensing ordinance.

### Reducing Sales of Tobacco Products *Minimum Price of Cigarettes*

**Description** - The tobacco industry targets youth and those from lower socio-economic backgrounds with price reductions. Research has shown that increases in tobacco products such as cigarettes will result in less smoking across various sociodemographic populations.

**State Law** - There are no statewide laws restricting the minimum price of tobacco products.

**Criteria**

**1 bonus point** - Local policy in place that sets a price floor of $8.90 per pack of 20 cigarettes.

### Reducing Sales of Tobacco Products
### *Tobacco Retailer Location Restrictions*

**Description** – Cities and counties can restrict where tobacco retailers are located and can prohibit them from being located within a certain distance, such as within 1,000 feet, of schools and parks. This type of policy can be enacted in several ways including through conditional use permits, other zoning restrictions and local tobacco retailer licensing ordinances. By reducing the presence of tobacco retailers in locations where youth congregate, this type of policy can reduce sales of tobacco products to youth and assist with efforts to reduce youth smoking. Furthermore, the number of tobacco stores in a neighborhood can have an effect on youth smoking behaviors in that neighborhood and in some disadvantaged neighborhoods, the numbers of tobacco retailers is far greater than in less disadvantaged neighborhoods.

**State Law** – There are no statewide laws restricting tobacco retailers from being within a certain distance of schools and parks based on proximity to other retailers or populations.

**Criteria**

**1 bonus point** – The city/county restricts businesses that sell tobacco from being located within a certain distance of schools and/or parks through a conditional use permit, other zoning restrictions or a local tobacco retailer licensing ordinance. Or the city/county prohibits a tobacco retailer from being located within a certain distance of other retailers to avoid a high concentration in certain areas. Or there is a limit to the number of tobacco retailer licenses that can be issued.

### Reducing Sales of Tobacco Products
### *Sale of Tobacco Products in Pharmacies*

**Description** – Cities and counties can restrict sales of tobacco products at pharmacies. Pharmacies are traditionally places where people go to purchase products to get healthy or improve their health. The availability of tobacco products at pharmacies associates them with other healthy products and with the general health focus of these stores. Selling tobacco at pharmacies is contrary to a pharmacy's purpose and sends a mixed message to consumers and youth.

**State Law** – There is no statewide law that restricts pharmacies from selling tobacco products. Pharmacies that elect to sell tobacco products, like all other types of tobacco retailers, must obtain a statewide tobacco retailer license.

**Criteria**

**1 bonus point** – Tobacco products are prohibited from being sold at all pharmacies or at certain types of pharmacies in the city/county

### Reducing Sales of Tobacco Products
### *Minimum Pack Size of Cigars*

**Description** – Tobacco products are often sold individually to make them less expensive, and more enticing to youth. Establishing policies to ensure minimum packaging, or a minimum unit in which cigars can be sold in, will increase the purchase price and help protect youth from the health dangers of smoking little cigars and cigarillos.

**State Law** – There is no statewide law that restrict the sale of cigars in individual or small packages.

**Criteria**

**1 bonus point** – Prohibits the sale of cigars in individual or small packages, which increases the price and makes them less attractive to youth.

## Emerging Products Definition

### *Cannabis*

**Description** – The potential health risks of secondhand exposure to tobacco smoke, including its effects on the heart and lungs, raise concerns about the health risks of secondhand exposure to marijuana smoke. Secondhand marijuana smoke contains many of the same toxins and cancer-causing chemicals found in tobacco smoke, with some chemicals even present in higher amounts.

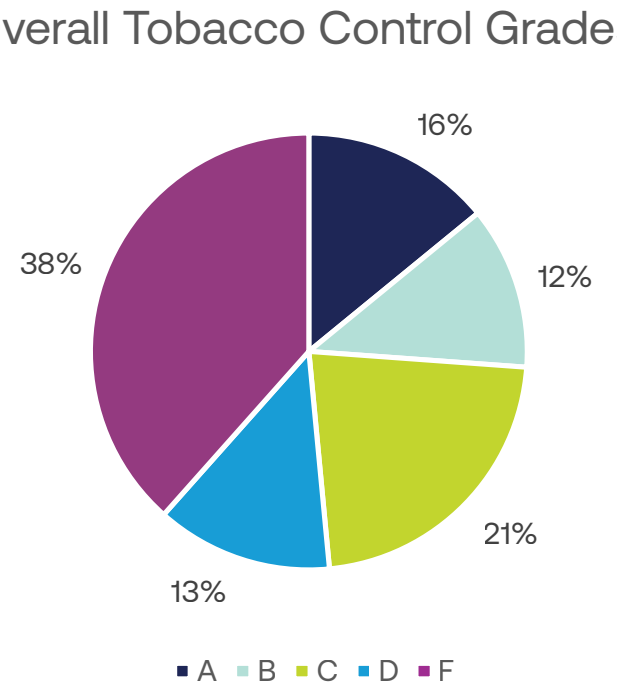

**State Law** – *State law restricts smoking Cannabis in public places where it restricts commercial tobacco.*

**Criteria**

**1 bonus point** – There is a definition of cannabis smoke, smoking or cannabis combustible product that would include electronic devices or other new and emerging cannabis products in a jurisdiction's secondhand smoke laws, that extend further than the state laws.

## State of Tobacco in California 2026 Highlights

The 2026 State of Tobacco Control – California Local Grades report highlights groundbreaking progress by diverse California communities in protecting public health from tobacco harm. These diverse communities are leading the state in taking the necessary steps to protect the public from the harms of tobacco. In 2026, the City of Pittsburg made significant changes to their policies by adopting a comprehensive tobacco retail license, smoke-free outdoor air policies, and protections to multi-unit housing. The American Lung Association applauds all public health advocates continuing to advance local tobacco control policies. Amid a year that has been filled with many challenging moments for public health, victories to create a healthier California continue to take place.

### Top of the class 2026

- City of Pittsburg, CA (from an F to an overall A in TRL, SFOA, MUH)

### Communities Passed Policies Restricting the Sale of Flavored Tobacco in 2026

- City of Gonzales
- City of Vallejo
- City of Redding
- City of Clovis

### New Communities Received an Overall A

- City of Pittsburg
- City of Vallejo
- Del Norte County Unincorporated

## Noteworthy Developments

- **Town of Tiburon**
  - First jurisdiction in the nation to prohibit all tobacco sales without exemptions.
- **Town of Ross**
  - Second jurisdiction in Marin County to adopt a prohibition on all tobacco sales without exemptions.
- **Santa Cruz County, Cities of Santa Cruz and Capitola**
  - First county to prohibit the sale of filtered cigarettes with the addition of the cities of Santa Cruz and Capitola.

## Cities and Counties on the Rise

- City of Brentwood (from an F to an A in TRL)
- National City (from an F to an A in TRL)
- City of Walnut (From an F to an A in SFOA)
- City of Redding (from an F to a B in TRL + Flavors)
- City of Fowler (from an F to an A in SFOA)
- City of Anaheim (from an F to an A in TRL)
- County of San Mateo with 9 countywide TRL ordinances

## Grades for Ten Largest Cities in California

Strong tobacco control laws in the largest cities in California could make a big difference in protecting more than a quarter of California's residents from secondhand smoke and other dangers of tobacco.

Of California's ten largest cities, six cities have increased their overall tobacco control grade since 2021. Elected officials in California's most populated areas must do more to ensure their residents are protected from the harmful effects of tobacco. The cities of San Jose and Oakland have the most comprehensive tobacco control grades with an overall A. The cities of Fresno and Anaheim have seen the most changes over the five-year period from an F to a C.

| Ten Largest Cities in California by Population | (Census, 2024) Estimated Population | 2026 Overall Tobacco Control Grade | 2021 Overall Tobacco Control Grade |
|---|---|---|---|
| Los Angeles | 3,899,449 | C | C |
| San Diego | 1,384,429 | C | D |
| San Jose | 1,013,419 | A | B |
| San Francisco | 878,392 | B | B |
| Fresno | 542,235 | C | F |
| Sacramento | 524,908 | C | C |
| Long Beach | 466,766 | C | C |
| Oakland | 440,679 | A | B |
| Bakersfield | 404,368 | D | F |
| Anaheim | 346,810 | C | F |

## California Tobacco Control Policies by the Numbers

### *California 2025 Significant Legislation*

**AB 573 (Rogers): Cigarette and tobacco products: Licensing and Enforcement**
This new law will authorize the California Department of Tax and Fee Administration (CDTFA) to set a tobacco retailer license fee at $450 on or after July 1, 2026. The fee increase is intended to support sustainable enforcement funding.

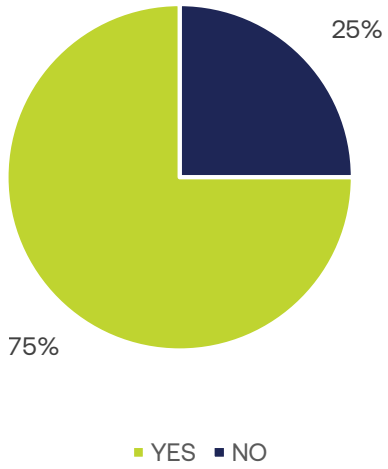

**AB 455 Real estate: environmental hazards: thirdhand smoke**
This new law requires a seller of a single-family residential property to disclose thirdhand smoke, the existence of any residue from smoking tobacco or nicotine products. This new law expands California's environmental hazard disclosure requirements.

## California at a Glance

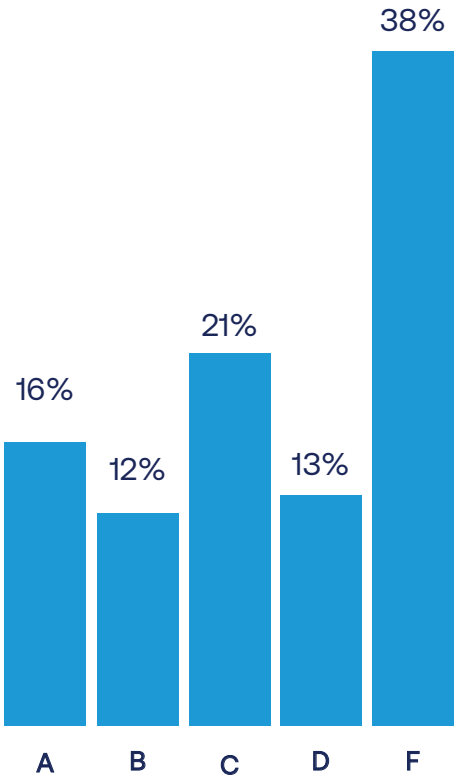

Since 2016 the number of cities and counties that received an A for their overall tobacco control grades have quadrupled from just 21 communities to 79 in 2026.

## Restrictions on Flavored Tobacco Products

In 2026, there was a 2% increase in communities that passed a comprehensive flavor prohibition policy stronger than the states. This year the cities of Gonzales, Vallejo, Redding and Clovis are among the 123 communities with the strongest flavored tobacco policies in CA.

## Breakdown of Overall Tobacco Control Grades

| | A | B | C | D | F |
|---|---|---|---|---|---|
| **Overall** | 79 | 59 | 108 | 65 | 189 |
| **Smokefree Outdoor Air** | 111 | 54 | 46 | 134 | 155 |
| **Smokefree Housing** | 86 | 13 | 39 | 40 | 317 |
| **Reducing Sales of Tobacco Products** | 215 | 10 | 2 | 7 | 257 |
| **Restrictions on Flavored Tobacco Products** | 123 | | | | 377 |

While the overall number of “F” grades continue to steadily decline, almost half of California’s population live in communities with a C or greater. Only 16% of Californians live in areas with an  overall“A” grade.

## Tobacco Control Policies by the Numbers

| Smokefree Outdoor Air | 2016 | 2021 | 2026 |
|---|---|---|---|
| Dining | 135 | 185 | 203 |
| Entryways | 125 | 174 | 185 |
| Public Events | 129 | 171 | 185 |
| Recreation Areas | 358 | 408 | 397 |
| Service Areas | 129 | 173 | 184 |
| Sidewalks | 54 | 92 | 103 |
| Worksites | 47 | 66 | 79 |
| **Smokefree Housing** | | | |
| Apartments | 48 | 84 | 109 |
| Condos | 43 | 75 | 99 |
| Common Areas | 127 | 159 | 178 |

| Tobacco Retailer Licensing | 155 | 209 | 231 |
| **Restrictions on Flavored Tobacco Products** | | | |
| Flavored Tobacco Products | n/a | 83 | 133 |
| **Emerging Issues*** | | | |
| SHS Definition | 155 | 282 | 284 |
| Licensing Definition | 108 | 186 | 197 |
| Retailer Location | 53 | 98 | 123 |
| Sales in Pharmacies | 8 | 48 | 70 |
| Minimum Pack Size | 6 | 37 | 53 |

**Emerging bonus points for Cannabis and minimum price were not included in this table for consistency*

For over 10 years, in almost every category, California's tobacco control policy has increased steadily in all issue areas. Smoke free public spaces and housing protections have significantly increased from 2016 to 2026. After 2021, the restrictions on flavored tobacco products dramatically increased by 38% in only 5 years. Communities in California have made strides towards stronger comprehensive tobacco control policies to reduce tobacco related harm.

# APPENDIX B: Raise Your Grade

As is evidenced by the 79 cities and counties that have overall "A" grades, strong tobacco control policies can work in any community. So how can your community improve its health and raise its grade? Below is a worksheet that can be used to determine what types of policies could improve the health of your city or county and help raise its grade. Just fill in the points for the policies your community already has in the right-hand column and see how many more points you will need to increase your grade. These policies will improve the health of your communities and ensure that tobacco is kept out of the hands of children.

## Smokefree Outdoor Air

| | 1 Point | 2 Points | 3 Points | 4 Points | TOTAL |
|---|---|---|---|---|---|
| **Dining** | | Allows designated smoking areas or includes exceptions | | 100% smokefree | |
| **Entryways** | | Less than 15 feet of all entryways or within an unspecified distance | Within 15-19 feet of all entryways | 20 or more feet from all entryways | |
| **Public Events** | | Some types of public events but not all | Allows designated smoking areas | 100% smokefree | |
| **Recreation Areas** | | Some parks, beaches and trails | Allows designated smoking areas | 100% smokefree | |
| **Service Areas** | | Some types of service areas but not all | | All service areas | |
| **Sidewalks** | Some or all sidewalks or other pedestrian walkways | | | | |
| **Worksites** | Some or all outdoor worksites | | | | |

18+ Points: **A** 13-17 Points: **B** 8-12 Points: **C** 3-7 Points: **D** 0-2 Points: **F**

## Smokefree Housing

| | 1 Point | 2 Points | 3 Points | 4 Points | TOTAL |
|---|---|---|---|---|---|
| **Nonsmoking Units in Apartments** | Prohibits smoking in 75% or more of new apartment units | 75% or more of new and existing apartment units | | 75-100% of units for both new and existing apartments | |
| **Nonsmoking Units in Condominiums** | Prohibits smoking in 75% or more of new condos units | 75% or more of new and existing condos units | | 75-100% of units for both new and existing condos | |
| **Nonsmoking Common Areas** | | Indoor common areas | | 100% smokefree | |
| **Total:** | | | | | |

10+ Points: **A** 7-9 Points: **B** 4-6 Points: **C** 1-3 Points: **D** 0 Points: **F**

## Reducing Sales of Tobacco Products

**Policy Provisions:**

1. Require tobacco retailers to pay an annual fee that sufficiently covers administration and enforcement efforts, including compliance checks;
2. Requirement that all retailers obtain a license to sell tobacco and renew it annually;
3. Provision that any violation of a local, state or federal tobacco law is considered a violation of the license; and
4. Financial deterrent through fines and penalties for violations that includes suspension and revocation of the license.

| | 1 Point | 2 Points | 3 Points | 4 Points | TOTAL |
|---|---|---|---|---|---|
| **Tobacco Retailer Licensing** | A sufficient annual fee and 0 of the other 3 provisions outlined above or licensing ordinance with insufficient annual fee and any of the other 3 provisions outlined above | A sufficient annual fee and 1 of the other 3 provisions outlined above | A sufficient annual fee and 2 of the other 3 provisions outlined above | A sufficient annual fee and the other 3 provisions outlined above | |
| **Total:** | | | | | |

4+ Points: **A** 3 Points: **B** 2 Points: **C** 1 Points: **D** 0 Points: **F**

## Restrictions on Flavored Tobacco Products

| | 1 Point | 2 Points | 3 Points | 4 Points | TOTAL |
|---|---|---|---|---|---|
| **Flavored Tobacco** | A point added to overall grade if jurisdiction has a strong flavored tobacco control policy that includes hookah, loose-leaf tobacco, and premium cigars. | | | | |
| **Total:** | | | | | |

1+ Points: **A**

## Emerging Issues Bonus Points

| Bonus Point | |
|---|---|
| **Secondhand Smoke** *(Bonus Point)* | There is a strong definition of smoke, smoking or tobacco product that would include electronic cigarettes or other new and emerging tobacco products in a jurisdiction's secondhand smoke laws and the jurisdiction's secondhand smoke laws extend further than the state laws. |
| **Tobacco Retailer License** *(Bonus Point)* | There is a strong definition of smoke, smoking or tobacco product that would include electronic cigarettes or other new and emerging tobacco products in a jurisdiction's tobacco retailer licensing ordinance. |
| **Tobacco Retailer Location Restrictions** *(Bonus Point)* | Restricts businesses that sell tobacco from being located within certain distance of schools and/or parks. Or the policy prohibits a tobacco retailer from being located within a certain distance of other retailers to avoid high concentration in certain areas. Or there is a limit to the number of tobacco retailer licenses that can be issued. |
| **Sales in Pharmacies** | Prohibit sales in all or some pharmacies |
| **Minimum Price of Cigarettes** *(Bonus Point)* | Local policy in place that sets a price floor of $8.90 per pack of 20 cigarettes |
| **Minimum Pack Size of Cigars** *(Bonus Point)* | Prohibit the sale of cigars in individual or small packages, which increases the price and makes them less attractive to youth. |
| **Cannabis** *(Bonus Point)* | There is a definition of cannabis smoke, smoking or cannabis combustible product that would include electronic devices or other new and emerging cannabis products in a jurisdiction's secondhand smoke laws, that extend further than the state laws |
| **Total:** | |

*Each of the seven Emerging Issues can receive 1 bonus point. Receiving a total of 4 or more of these bonus points adds one point to the Overall Tobacco Control points.*
